Leaving an Impression...

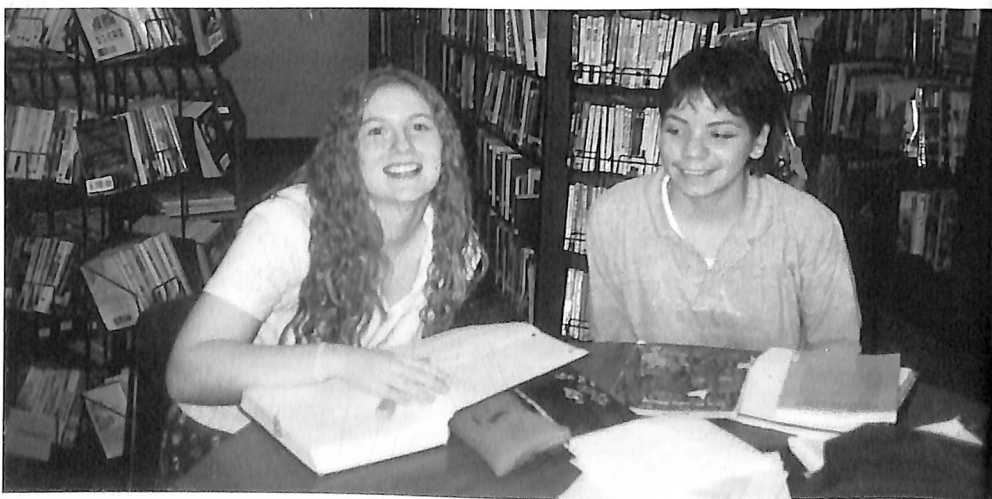

Above: Trevor Morningstar and Jeff McCoy (both grade 12) teamed together to win the infamous "Toilet Bowl"; the S.C.I.&T.S. annual Euchre Championship.

Above Right: Up on the third floor, students in Mrs. Groombridge's grade 10 class (first semester) work on their art in the hallway.

Right: In support of the Sr. Football team in their hunt for the 1996 LSSAA Championship, the Bomber Booster Squad hung many motivational signs around the school.

Right: Grade ten students, Catherine Routley and Jill Collins, take a break from their assignments in the library.

Left: Janette Routley poses for a picture after the Music Department's annual Christmas assembly.

Above: The second annual Milk Chug was held in late October in the S.C.I.&T.S. cafeteria. Over 2 000L had to be drunk by the bombers to win a free video dance in the Mega Milk Contest. Once again, the students and staff purchased enough milk for the prize!

The Blue Bombers

Their home is *S.C.I.&T.S.*
to the schools they bare,
For they are called the *Blue Bombers*
They are a team of fine hearted
souls,
They play as one
away and at home,
They play for the spirit
they play for fun.
Are they a team,
or are they one?

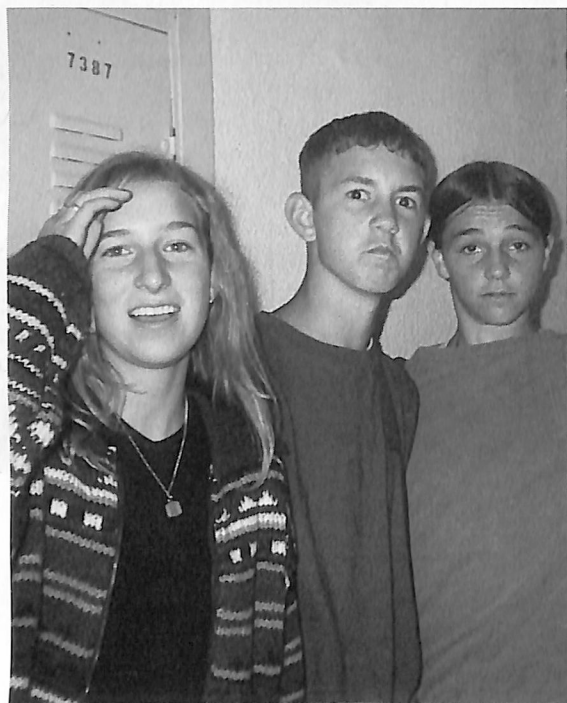

They play with care
they play with skill,
Is this a normal team
or a great one?

They come from victories
they come from defeat,
They have seen the highs
They have seen the lows,
They are able to try
when sights are set high,
For this is more than just a team
they are from *S.C.I.&T.S.*
and called the *Blue Bombers*.

Foreign Exchange

Annette Remler

Halli Hallo!

I am a silhouette only seen by those who believe in the unknown. I came from a different world and I spoke a different language called Deutsch, well "German." After my calculations I landed in a big country called Canada, because my mother told me so (but I still wanted it). August 16th I crashed into a nice house with a nice host-mother named Wendy Gillings and her 3 hyper children: Samantha, 12, Miles, 8, and Bryan, 7. About the same compared to my family in Deutschland, oh sorry, Germany. I have two younger brothers, Stephen, 13, and Michael, 8, and my parents from whom I got a break of 11 months. So I started to adapt with this language called English which was hard in the beginning but got easier after a while. The world you live in is very much like mine, but still, after all, everybody had for me unidentified ways to do things and to eat. Well we, like you, have many different transportations, houses, foods, etc. But most importantly, I am made up of the same molecules you Canadians are. I was on this mission for a better understanding of this land and to make lots of friends, even though most of the time I got to hear I'm crazy, nuts, or just weird, which was OK, because, to be honest, I thought the same sometimes of you people. So you, my friends and my family gave me the chance to experience a whole lot of new things for me and I want to thank them. So for those who believed in me, take care and I might come back. And for those who didn't, open your eyes for new things and you won't miss cool things again! My mission was over July 8th, 1997.

Tschüß und Ciao! My name is Nette Remler.

Gabriela Guitierrez

Gabriela has only lived in Mexico City. She was an English teacher for executives of international companies; learning English for business purposes. She wanted to come to Canada to get acquainted with the country, the culture and share a little bit of Mexico with the students in different high schools. Gabriela came to Canada through a volunteer program organized by OISE. She participated in the Spanish programs at SCITS., St.Clair, and LCCVI.. She enjoyed all three of the schools' teachers, students and communities. She has been speaking Spanish all of her life and she speaks Spanish to her parents back home. She learned to speak English when she was 14 years old while attending a private school. Gabriela worked with Señorita Hulme and shared the Spanish language, culture, and traditions of Mexico with the grade 10, 11, and OAC Spanish classes. Gabriela adjusted the content of her presentations to ensure that each student had a good understanding of life in Mexico. Using mostly English and Spanish while at S.C.I.T.S., Gabriela is also fluent in French. Her best memory of Canada was the winter weather and all the different activities available such as Snowfest, winter camping, tobogganing, and skiing. She made many new friends while getting more familiar with the Canadian way of life. She wished she could stay longer in order to enjoy the spring and summer seasons and get a fuller experience of Canada. Even though she missed her family and friends in Mexico City she always felt at home in Sarnia because everyone was so kind and welcoming. Her hobbies include swimming, scuba diving and karaoke. A typical day in Mexico would start out with her teaching from 7 to 9am, swimming at the sports club, returning to teach from 2 to 5pm and ending her day working as a translator. While in Canada she traveled to Montreal, Quebec City, and Toronto, but she would have liked to see the rest of Canada such as the Rockies and the Maritimes. She lived with three families for her six months stay in Canada. Each family was involved in the education field. She really enjoyed her stay and she took many experiences and good memories back home to share with her family and friends in Mexico.

Hasta la vista amigos!

I will always remember the beautiful people of S.C.I.T.S.

Gracias ... Gabriela

1995-96 Retirees

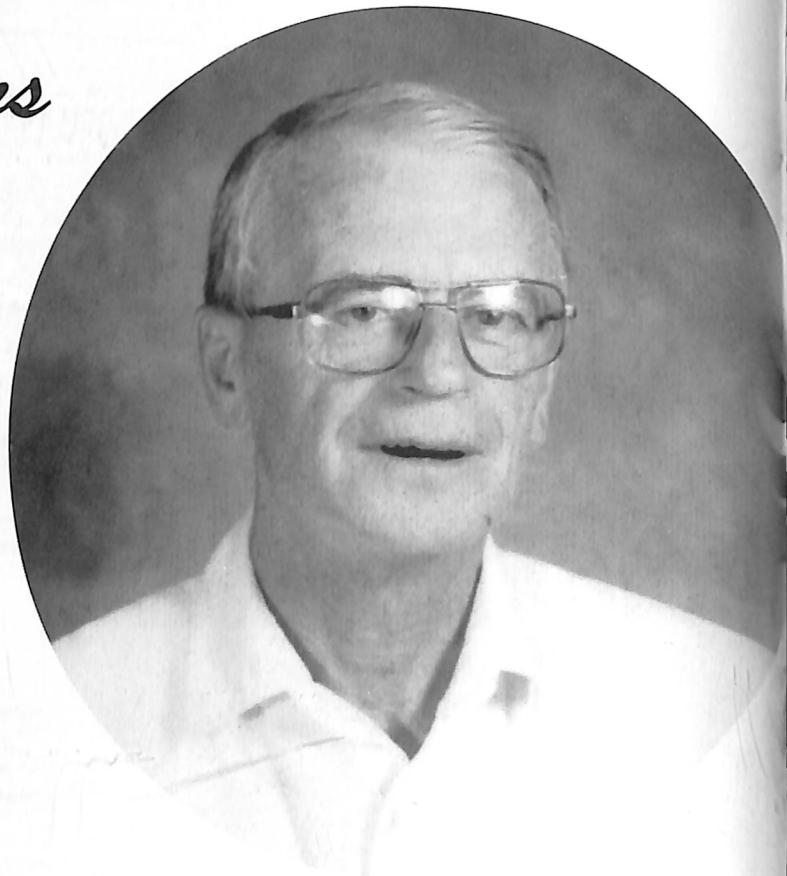

Mr. Major Phillips

S.C.I.&T.S. 1969-1996

For 27 years, Mr. Phillips devoted a keen knowledge of history and social sciences to the students of S.C.I. During this time Mr. Phillips became well known for his ability to captivate his classes, by putting great effort plus detail into each history lesson. Of course, Mr. Phillips also remains well known for his lone blue sweater.

A teacher who received an appreciative standing ovation from students the day of his retirement speech, Mr. Phillips will be both remembered and missed for his enthusiastic personality in the classroom, and each of his many detailed history lessons.

Thanks goes to Mr. Phillips for his highly valued time here at S.C.I., where he contributed the best of himself to a bright blue atmosphere.

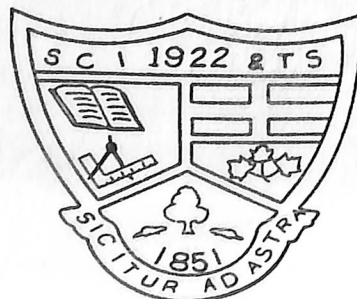

Mrs. Esther Tebbens

S.C.I.&T.S. 1986-1996

It was during those 10 years at S.C.I., that Mrs. Tebbens contributed her teaching abilities to S.C.I.&T.S. As a member of the family studies department, Mrs. Tebbens devoted her time to educating many students in the areas of sewing, cooking, and family economics.

A highly distinguished lady, Mrs. Tebbens' teaching ability and high standard will be a remembered and missed addition to the Family Studies Department here at S.C.I.&T.S.

Welcome Week

1996/97 Grade Nine Welcome Week Song

I'm a minor, a minor niner
and it's easy for you to find us
You will see us bow on our knees
to the 10's, 11's, 12's, and
OAC's!!

Top Right: Hannah Kye takes the lead in the "minor niner" homeroom leap frog contest.

Above: Eric Shepley and Chris McClemens try to keep it together.

Right: OAC students Laura Shaw, Jody Hands and April Brander leading the 1996/97 grade nine class in the welcome week song.

September 9-13, 1996

Welcome week is an annual event to kick-off the new school year to encourage school spirit and participation at S.C.I.&T.S. Lunch hour on Monday, Tuesday and Thursday, is filled with various challenges and songs for the niners, organized by the Senior students. As the grade nines leap-frog, find their shoes, and untangle themselves, students from grades 10-OAC fill the bleachers in Gym AB to cheer on the new Bombers. On Wednesday, the clubs came out to encourage the student body, to participate in the various activities throughout the year. The School-Wide Cheer-Off ends the festivities on Friday. The homerooms from grade 9 to OAC create a cheer to best show their school spirit. At lunch hour, the winning homerooms show their cheers to the other Bombers.

Top Left: Mr. Allen's OAC Physical Education homeroom class waves and gives a Blue Bomber cheer in the annual homeroom "School Spirit Cheer-Off".

Above Left: They are leaping their way through "minor niner" week.

By Cherisse Douglass

This year's Homecoming was truly a bomber blowout; once again confirming our strong tradition among the ranks of the blue. Although the day was an overcast of rain, (thanks to all the noisy fans and

pumped football players) the S.C.I.&T.S. spirit had come out of the blue to shine brightly on us all.

At the pep rally S.C.I.&T.S. was serenaded with some triumphant victory music courtesy of our one-of-a-kind rockin' stage band. To provide our face painted,

blue appalled fans with some entertainment, our own army of booster squadrons put on a blatin' bomber airshow with the biplanes. All-in-all, songs were sung,

cheerleaders cheered, football players made personal appearances, and crowd went wild -- but the day was beginning to explode. . .

From our hit parade to the do and-dirty on the football field, did S.C.I.&T.S. grit ever fly low for an instant? NO WAY! It only soared higher. The heart of the afternoon, thanks to great junior and senior football players and our die-hard fans, our blue day gave us a double victory! (Our apologies to the Colts on the field). Homecoming had put us on top this year!

And so, it is only fair to put the credit this year back on the football coaches, and enthusiastic fans for making this year's Homecoming a victorious one. Way to go S.C.I. and thanks for making the day one big explosive party. So when someone asks you how Homecoming went for the 1996/97 school year, tell 'em that the nothing left of the other team --

WE DROPPED THE BOMB!

 to school and activities.

COMMENCEMENT

The top overall award winners at the night's awards all received seven honours and are to be commended on their excellent achievement.

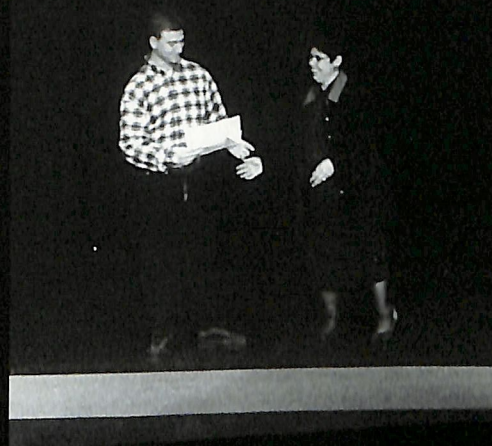

Richard Archer received a SCITS staff award, given to four graduating students who combine good academic achievement with an accompanying major contribution to school and activities. He was given a Student's Council award and the Chemical Institute of Canada, Sarnia branch award for proficiency in OAC chemistry. Rich also won a Bayer Higher Education award.

Kristine Brown, this year's valedictorian also received a Student's Council award and a SCITS staff award. She got a Nova Higher Education award as well as two awards intended for the valedictorian, the North American Benefit Association, Club 5 award and the Reader's Digest award.

Nicole Howes won a \$200 scholarship from the IODE Honourable Bryan L. Cathcart Chapter and another for entrance to Brock University. She was deemed to be the most outstanding vocal music student and had the highest standing in grade 12 Commerce, winning her a Nova Proficiency Prize.

All three received Ontario Scholarships for at least 80% averages on six OAC credits and Staff Honour Plaques. All achieved their first school letters and Rich and Tina were awarded with their second letters as well.

Aaron VanGaver, Jennifer Verwey, Anne Howard, Angela Card and Gregory Kutz also deserve recognition for their excellent achievements during their senior year. Congratulations to all graduating students and good luck to all of you in your future endeavors.

(Edited from original)

Honoured Guests, Teachers, Relatives and Fellow Graduates;

In certain ways, it seems we are in the same situation we were five years ago, when we were just starting our high school careers. Except this time, whether it is college, university or the workforce, we are a little more confident and excited to begin the experience we call post-secondary education. Tonight is our time to look back on the accomplishments that got us here and reflect on the memories we have gathered along the way.

When we entered Grade 9, it was an opportunity to make new friends, try a new sport or maybe join a club. It was a year for discovery and a time to plant our roots in what would become our close circle of friends.

The first nourishment for our tree of experience was welcome week. Then came along Homecoming and the Christmas season which involved the door decorating contest, canned food drive, canned food players, the Christmas assembly and finally the semi formal. By this time we had survived half the year and our tree had started to form branches of memories. These branches continued to grow as we became accustomed to traditional SCITS productions such as the Revue, the fashion show and drama presentations. Throughout the year we had grown to become small, but stable trees now firmly planted in blue bomber spirit.

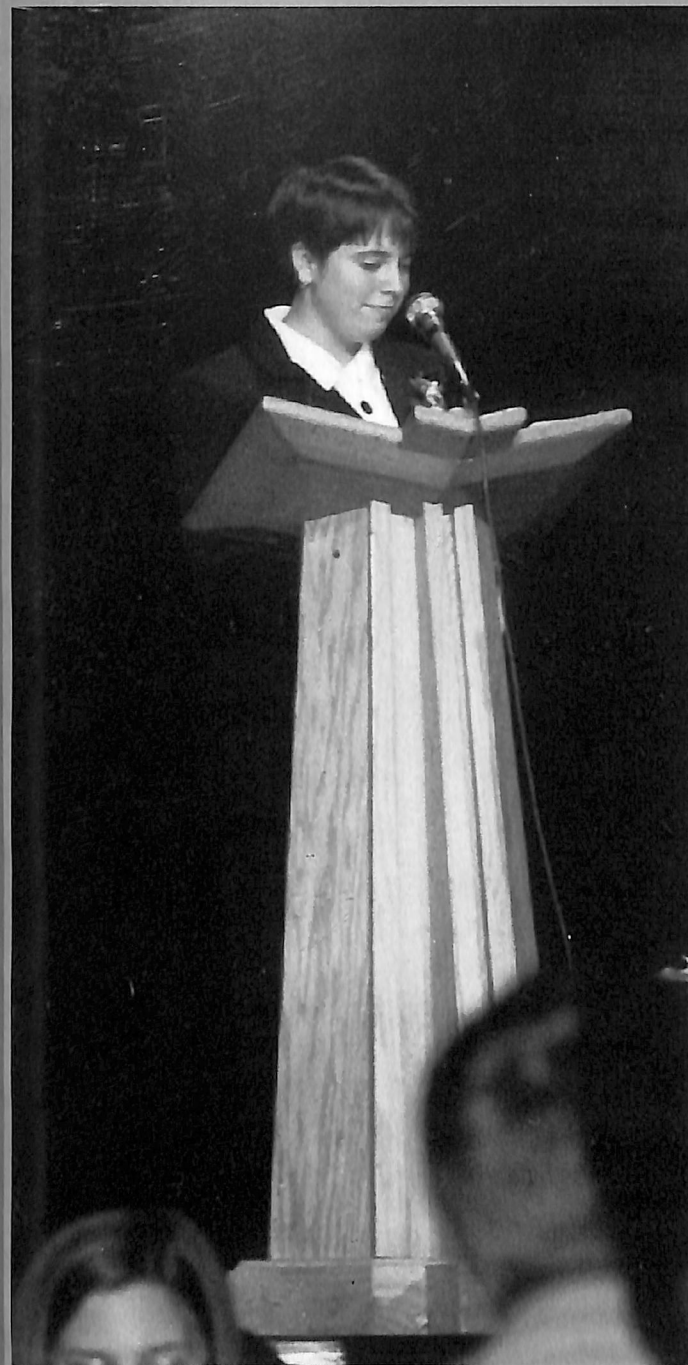

Our second year at SCITS was a time to be involved and show our bomber pride, so that when Grade 11 rolled around we knew the routine - even how to be effective in food fights. By the conclusion of that year we had successfully reached the midpoint of high school and our tree had continued to grow stronger.

Grade 11 proved to be the year of the teacher. After all, who could forget that famous homecoming dance where Mr. Allen was frantically trying to calm things down with his flashlight when the phrase, "For the love of God, can someone please turn on the lights" erupted from his mouth. Or remember the time Mr. Farina, or should I say Julio, professed his love to Mr. Burrows who played the fair Romeo during the Canned Food Players' production. It was also in Grade 11 that we had the chance to be a part of Mr. Phillips' famous history classes. Or maybe you were a part of Mr. Bennett's "born to be wild" biology class or Mr. Capes' unforgettable Man in Society class. But if music was more your style, maybe you remember Mr. White and his philosophical Fridays. We also have many teachers to thank for the opening of the fitness centre.

It is the influence of these important people that helped to cultivate us into now thriving and mature trees, ready for grade 12.

Finally we were seniors, and what a senior year it was. We were now the older students, making things happen - writing skits for the revue, organizing the fashion show and painting murals for prom. During Grade 12 we also realized the importance of our friends and how we wouldn't have been able to get through high school without them.

We were all "Back for Kicks in '96," drank plenty of milk and witnessed the end of an era - Mr. Phillips' sweater was put to rest. Everything seemed bigger and better while we were in OAC and it was because we were making it happen. At the same time major decisions were being made in our lives - the effects of which can be seen tonight. It was a time for change, the changing of our leaves. We would soon be going our separate ways, just like each leaf would eventually fall off and float away on its own wind of dreams. But we made that last year our best and we must have done something right because look where we are this evening - commencement. So with bomber pride I encourage you to keep reaching for the stars and beyond...

Lionel The Lobster

The first semester Drama Club presented for the first time anywhere, Lionel the Lobster. Lionel the Lobster is a fairy tale about a duck who believes he is a lobster. Lionel goes in search of answers. He runs into many different

forest animals.

Meanwhile, Felipe and Bink stay close on his trail. On his journey Lionel meets a wise turtle named Jules. Jules gives Lionel all the answers he is looking for. When Lionel returns home he saves his

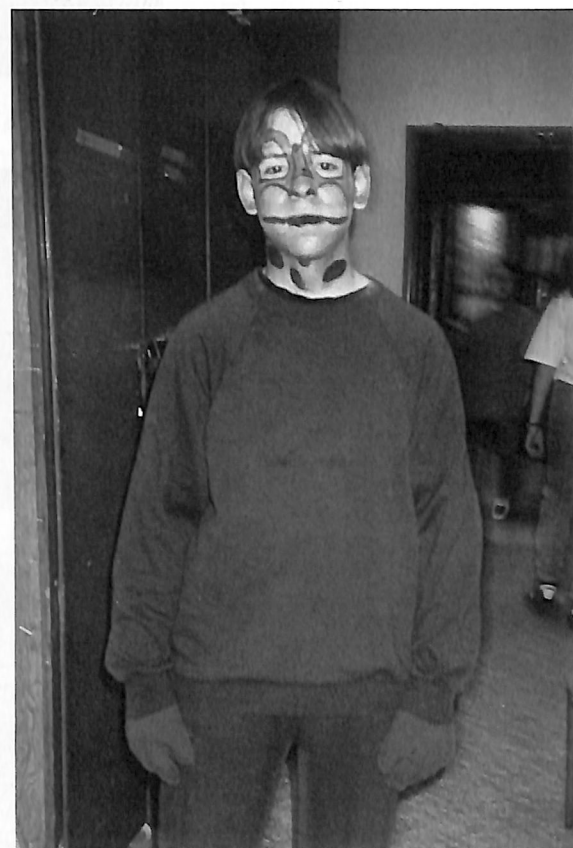

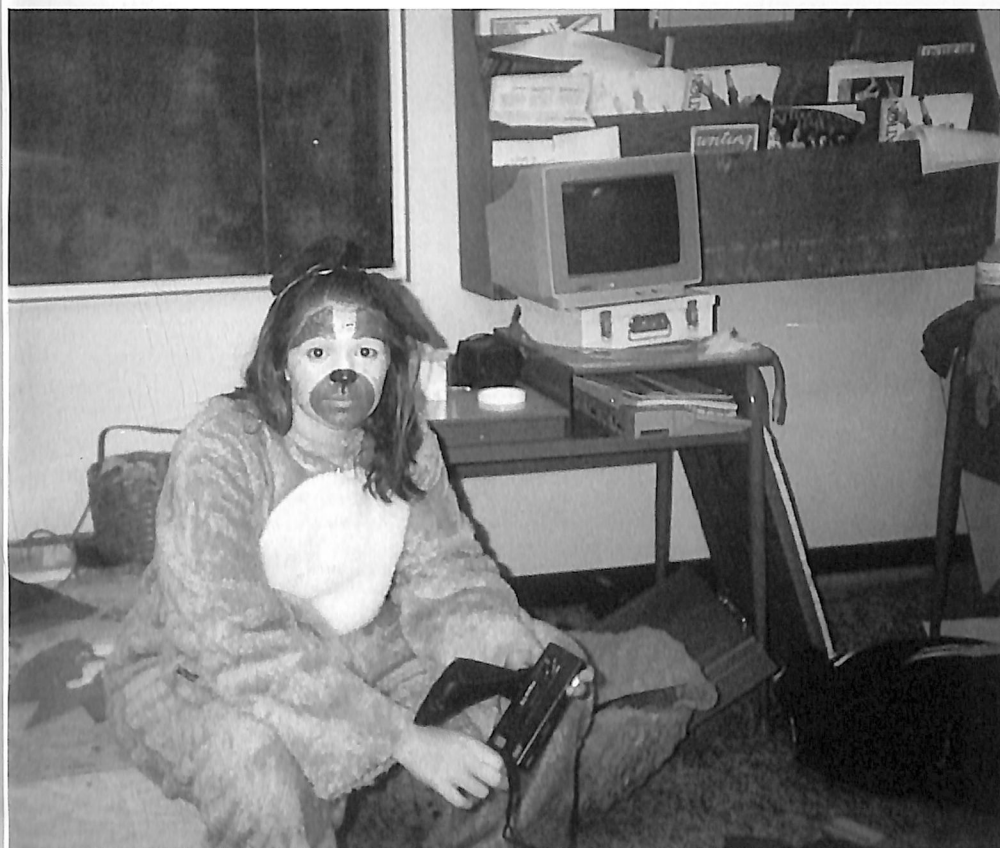

family from a scheming Felipe and Bink.

This hilarious play was written by Audrey Restorick, Mike Little, Sarah Lalonde, Stacey Dowswell, Jessica Henderson, Candy Vrskovy, and Rae-Lynn

MacLean.

The point of this production was to get the grade nines involved and have a good time.

The cast would like to thank Mr. White for the wonderful and very enjoyable experience.

Canned Food Players

The annual Christmas comedy set put on by our esteemed teachers at SCI was once again a hit. The S-Files featuring agents Mildew and Scuzzy was an exciting parody of the hit TV show. Special appearances included Mr. "Guilboay" and Ms. "Steak". A farewell

hambone tour by Mr. Alexander made this show an action packed success while shooting for the search for the missing principal.

The Blues' News Vol: 1 Iss: 4, March, 1997

Revised By Angela Maxwell

This year's SCI&TS Revue, appropriately titled "Revvin' in '97", filled the auditorium once again with the sounds of music and laughter.

Jessica Millar opened the show with a beautiful rendition of the song, "You Were Meant For Me" by Jewel. Her elegant voice echoed throughout the auditorium.

The fillers were well performed and unexpectedly funny. When punch lines were delivered, the crowd was left wanting more.

Conor MacDonald's skit, Godzilla vs. The Pillsbury Dough Boy, followed the SCI&TS tradition of great humour. Landon Marsh deserves special congratulations for his background dance steps with the skeleton.

The dance "Close To You", organized by Leslie McBeth, was well presented. The audience appreciated the effort put forth by the junior girls.

"The Beauty Pageant" involved three contestants. Dawn Boone played a nerdy school-girl who couldn't seem to find her feet. Her falls looked so real that the audience wanted to ask

her if she was okay.

Liz Sonier and Scott Peachey made a perfect musical match. Liz's strong vocals carried her song "With or Without You" to the back of the auditorium. Peachey completed the powerful song with his back-up vocals and guitar accompaniment.

Mr. White's, "Third Block From the River", one of the longer skits, carried on the annual SCI&TS tradition of exemplifying the accomplishments of other secondary schools in the area.

Nic Swales sang a breathy version of "...And Be On My Way". His voice added to the splendour of the show.

"News and Stuff" was a quirky skit. John Leverre stood out as he enjoyed the spotlight. He is to be commended for his exceptionally funny style.

"JUMP!" was co-organized by Tara MacKenzie and Leah Kootstra. The dance was especially effective because of the use of black light.

The Famous Girls' Kickline performed well again this year. It continues to be one of the highlights of the show..

Our "Not-So-Famous Girls' Kickline" has become a welcome addition to the SCI&TS Revue over the past couple of years. Congratulations to the boys for another excellent showing.

The audience responded positively to the medley performed by Melyssa Childs and April Brander.

"Star Wars IX: Return of the Geriatric Jedi" provided comic relief. The writers are to be applauded for their ingenious sense of humour. The skit was improved through the use of special effects. This skit definitely earned recognition as one of the year's best.

"This is the Night" another excellent dance, was organized by

Kelly Bouchard. Though the group consisted of only four members, the girls amazed and dazzled the crowd with their modern style and flexibility. The girls would like to thank Annette Remler for her help with choreography.

The girls in "New Kids on the Block" performed a creative imitation of the real New Kids. Their dance moves were strikingly similar to actual steps used by the New Kids in concert.

Martha Greer impressed the audience with her song entitled "Let It Rain". Her strong vocals were accompanied by Nic Swales on guitar.

"Love Shack" was well received. The chipmunks' costumes added to the overall effect of the performance. The cartoon chipmunk would proudly bow down to this group.

"What a Bunch of Clowns" was an original, yet somewhat silly, skit filled with jokes.

Sandra Murphy's and Aarika Murray's voices joined together in harmony. Sandra's voice was strong and demanding, while Aarika's was more gentle. The beauty of their song "Can't Let Go" was refined by Jen Griffith's piano accompaniment.

"The Tribal Dance" was an outstanding example of what dedicated students can accomplish. The dance was new, fresh and upbeat. The make-up and costumes were amazing, dramatically adding to the quality of the best finale SCI&TS has ever seen. Mrs. Ramos and her tribal dancers deserve a standing ovation for their excellent presentation.

Overall, the Revue was an outstanding success. In the words of Mr. Burrowes, the Revue's staff advisor, "Opening was successful; things went well, considering we just got our new lighting system on Monday. The kids worked hard and pulled everything together - another success."

Midnight Dream

Star Struck...

Once again, prom night turned out to be a great success. From the star light sky outside, to the midnight dreams that came true indoors at SCI, a fantastic night was had by all.

Special thanks goes to a prom committee that gladly displayed its hard working efforts to add

an extra moon-lit twinkle into this year's prom. Thanks also goes to extra volunteers who helped, including those eagerly participating staff members who were involved. Finally, a big thank-you to those who came to take part in the evening's celebrations. After all, these were the real stars of SCI's Midnight Dream.

1996-97 Retirees

Mr. George Alexander

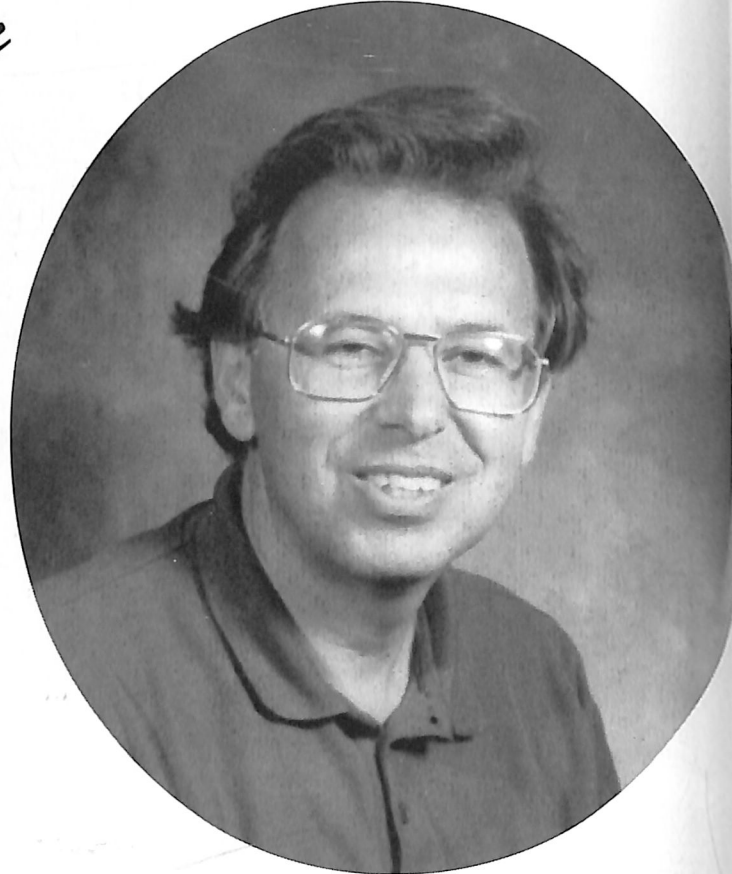

S.C.I.&T.S. 1965-1996

"You can lead a horse to water, but you can't teach him to hambone."

In 1965, Mr. Alexander graced Bombers with his presence and has been contributing ever since. Unfortunately, this year will be the last year students will have to experience a hambone lesson from Mr. Alexander. After thirty-two years of teaching here, he is closing his geography books and retiring.

Over the years, Mr. A. has dedicated himself as a teacher in not only geography, but also English, drama and society. Anyone who has had the pleasure of being in one of his classes will remember him as someone who could teach and make us laugh at the same time! He always had a way of making things fun which is evident by his forever-young spirit. Over the years, Mr. Alexander has been involved with many school activities -- coaching tennis, singing songs from the 60's and 70's in the annual Canned Food Players, and his largest contribution, the Revue. It will be strange next year when the Revue does not end with one of Mr. Alexander's Oscar-winning skits.

Mr. Alexander will always be remembered as the Renaissance man - teacher/father/singer/actor/playwright/Hambonist/tennis player. He will be greatly missed, and, maybe, one day, Mr. A. will come back to give new, inexperienced students a lesson in Hambone fun.

Mr. Kingsley Archer

S.C.I.&T.S. 1966-1997

"That will be twenty push-ups, sir."

This type of remark would normally be found in a gym class, but in Mr. Archer's English class, push-ups were a regular occurrence. His teaching career started here at S.C.I.&T.S. in the late 60's. During his 31 years here, he has been an English teacher for grades 9 and 10. Also, he has been involved in many school activities -- the swim team for many years, an active participant in the Christian Fellowship group, and director of the Revue (twice). This year, he added supervision of the chess team. Mr. Archer could also be found singing alongside Mr. Alexander, Mr. Young, and previously Mr. Burrowes in the Canned Food Players and its predecessor, the annual teachers' Christmas play.

Mr. Archer's combination of physical exercise and skilled teaching will never be forgotten. New Bombers will miss out on his wonderful poetry that was shared, as well as his great Blue Bomber spirit.

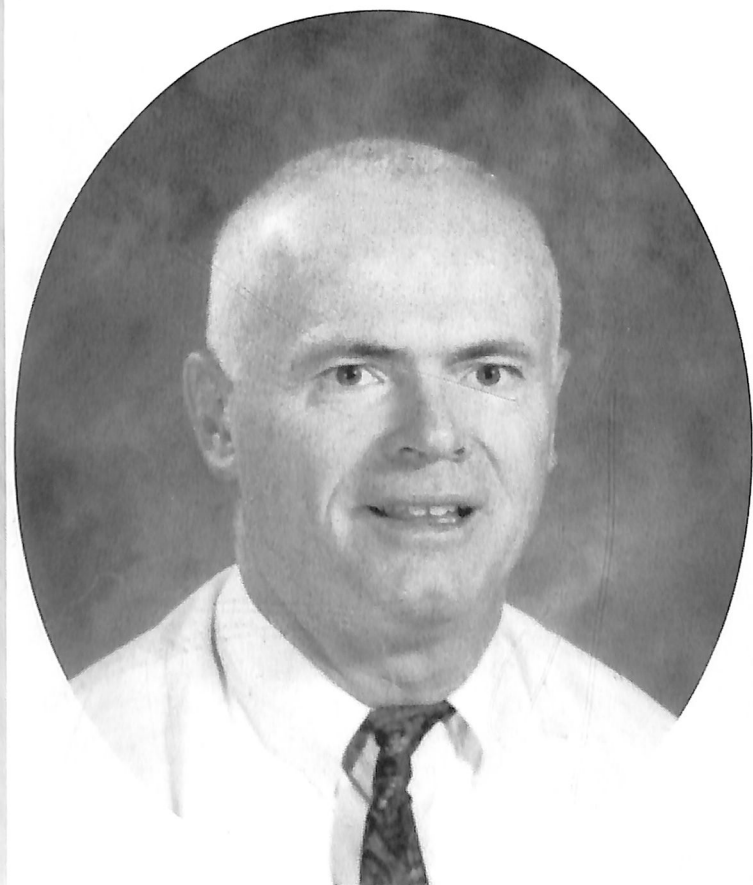

1996-97 Retirees

Mrs. Diane Moore

S.C.I.&T.S. 1988-1997

Mrs. Moore has been at S.C.I.&T.S. in the Business Department for nine years. In the past five years, she has mainly been with the adult business class. During her time as a Bomber, she has been involved with many different activities. She has coached curling, and helped with the Revue. Most recently, she has co-ordinated the annual canned food drive, and designed programs for the various shows put on by the student body, including this year's "Spectrum '97" Spring Style Show. Now that she's retiring, Mrs. Moore will have more time for travelling, golfing, and visiting her new grandson. The adult students whom she has focused her work on think of her as an inspiration to their efforts. A true blue portrait of a Bomber!

Mr. Dave Smith

S.C.I.&T.S. 1966-1997

"I love my job. I don't think of it as a job but as a daily communication with staff and students"

In 1954, a boy came to Sarnia Collegiate who, at the time, probably did not realize that he would spend forty-one years of his life here after he graduated. This boy is now retiring as a guidance teacher. Mr. Smith came to SCI in '66 as a math teacher and in '72, became head of the Guidance Department. Over the years, he has seen many students come and go, many of whom he personally assisted in preparing for the world after high school. He has coached track and girls' soccer in the past, but mainly Mr. Smith dedicated 29 years of his life as a football coach for the "Mighty Blue". He has met many people and witnessed many SCI events including the building of gym AB and the 50th Anniversary in S.C.I.&T.S. It has never ceased to amaze him that a mixture of kids from such a spread-out area can be all put together in this high school and create such a positive atmosphere. He believes that the kids are lucky to have a staff with interests in more than just academics and the staff is lucky to be able to teach kids who are very "non-pretentious."

How fitting it is that Mr. Smith is retiring in the year of the 75th Anniversary.

by: Audrey Restorick

Running cross-country takes a lot of determination and devotion on the part of the athlete. It is a sport that relies more on the endurance of the runner than speed.

Training for our eight-member cross-country team commenced at the beginning of September. No matter how lousy the weather, the whole team (including its coach, Mr.

Harris), ran through Centennial Park four nights a week.

They stuck with this schedule until the end of the '96 season, the 3rd week of October. Some of the team's best results were obtained in their final meet where Kristina Grennan helped the senior girls' team secure a 10th place finish. The Open Boys team can also boast of a fine accomplishment with their

3rd place plaque.

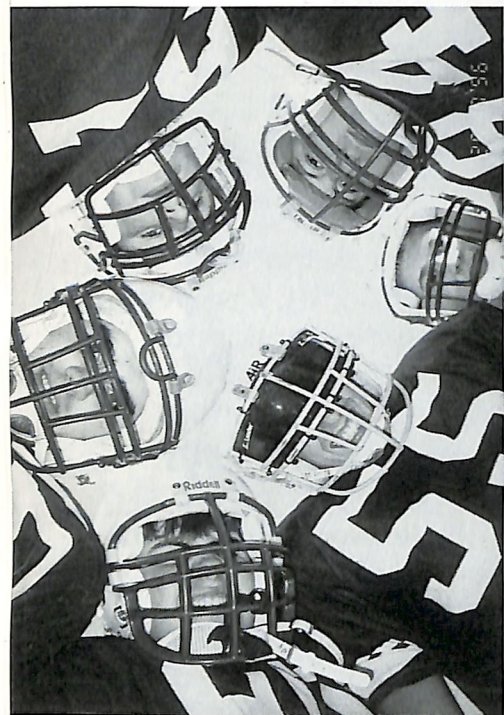

Congratulations team on a season of excellent results! Most of the senior girls' team will be returning next year and should improve their top 10 SWOSSA finish this year. New faces are welcome, hopefully there will be more involvement in the SCITS cross-country team next year.

SCI&TS Cheerleaders

The cheerleaders at SCI&TS have the extra responsibility of showing SCI&TS spirit in the community. The six girls shown below did a tremendous job all year. Front row: Candy Vrskovy, Stephanie Williams, Bernadette Kinchsular. Second row: Melissa Gilbert, Jennifer Kaplan, and Melissa Perry. At the top is Mr. Laurie Fillion, staff advisor. The cheerleaders worked with the Booster Squad (encouraging and participating in their activities), and participated in the School Spirit Day and dance. They were an important part of many charitable events in the community throughout the year, including Apple Day at SCI&TS for the Diabetes' Association. This group was named the United Way cheerleaders for Sarnia-Lambton. In addition, they were involved with promotions for the SCI&TS 75th Anniversary Reunion, scheduled for October 24-26, 1997.

Senior Football Finals

by Jamie Pomoransky

The Blue's News, Vol. 1, No. 2, November 14, 1996

The 1996 senior football campaign proved to be a success for our "Boys in Blue". In a dramatic LSSAA final, S.C.I.&T.S. lost a nailbiter to the St. Clair Colts 14-13. The boys played with a lot of heart as they came from behind to pull it out. A 40 yard field goal was missed by Aaron Smith as time ran out. The coaches were all proud of their boys as they gave it their all. They never quit, not until after the final whistle. Blake Greer scored the lone Bomber major on a 12 yard run. Trevor Brown and Steve Cord all had a good rushing game behind the strong blocking of Chris

Reid, Scott Rawcliffe, Nick Wellington, Jason Windjack, Jay MacIntosh, Rob Mason and Sam McLeod. Paul Maitland led a strong air attack while throwing to Brad Ysebaert and Bo Hunter. The defense played an amazing game allowing St. Clair only a pair of first downs. Terrific reading and tackling by Landon Marsh, Nic Armstrong, Aaron Roe, Andre Arboine, Cory St. Jean, Ryan Hewitt and Phil Puurunen kept the Bombers in the game. Good luck to all graduating players as they continue their education elsewhere.

The Blue Bombers, under the excellent coaching of Mr. Kevin Simmonds and "Grandpa" Simmonds, had an exciting and memorable season. The team should be very proud of its performance.

The Junior Girls went undefeated in league play finishing first in the LSSAA standings. They had no difficulty defeating LCCVI in the semi-finals. Unfortunately, the Bombers lost to Northern 1-0, in the dying minutes of the championship game.

Congratulations on a fine season, Bombers!

JUNIOR BOYS'

The '96 season was a rebuilding one for the Junior Boys with many new faces donning the blue and white. The '97 season should prove to be much stronger with many players returning and a good crop coming in from the elementary school.

Mandi Neely, a stalwart on our Bombers' Girls' Basketball Squads since her grade 9 year, has won a full scholarship to Texas Pan/American in Edinburg, Texas--a Division One school located at the southernmost point of the Lone Star State.

"Coaches have got after me before about not being selfish enough. I never think about scoring; instead, I prefer to dish it off and let someone else get the basket."

Congratulations, Mandi, and good luck!

BLUE BOMBER SWIMMING

The SCI&TS Swim Team began practices near the end of October. We had a great season, and most swimmers had new personal best times by the end of the season. The final swim meet of the season for most swimmers was the LSSAA meet, held February 7, 1997. Several swimmers achieved their qualifying times for OFSAA. Then, Wednesday and Thursday before March break, 11 dedicated SCI&TS swimmers participated in the OFSSA Swimming Championships in Etobicoke. We placed 23rd of 90 schools from across the province.

Ian Armstrong was 10th in both the 100m freestyle and 200m freestyle. Jessica Robinson was 14th in the 50m freestyle and 8th in the 100m freestyle. Our best finish was the Junior Girls' 200m freestyle relay: our team placed 3rd in the province.

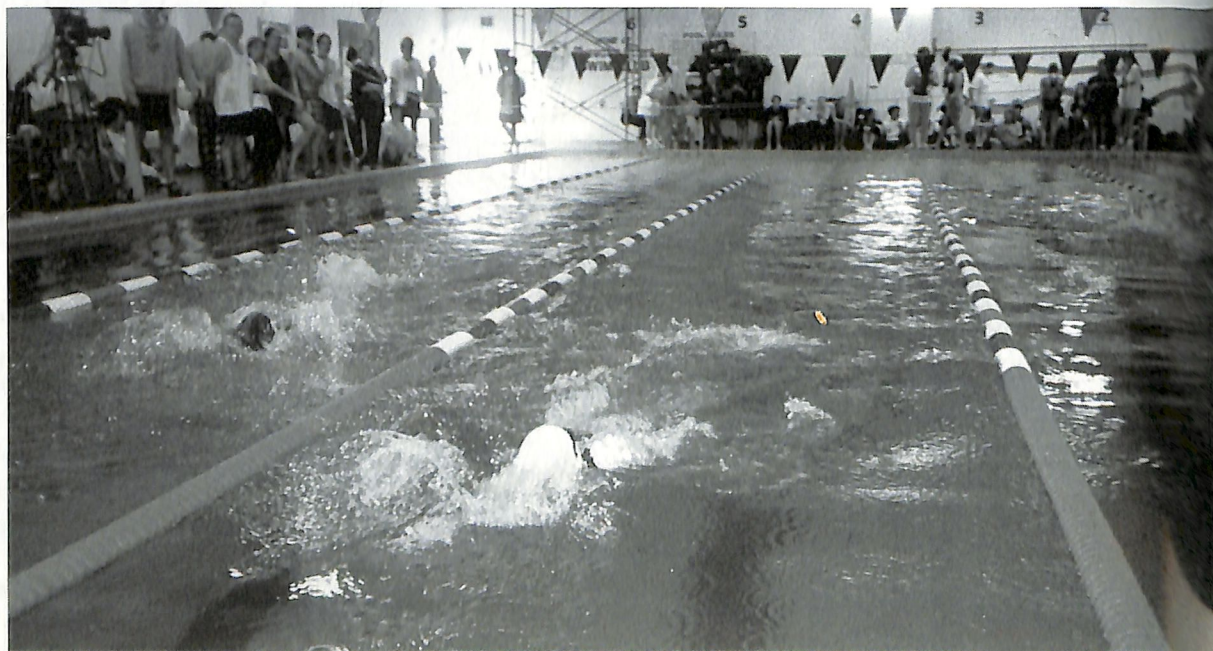

SCI&TS also had good effort from Nigel Moggridge in the 100m breaststroke; Lora White in the 50m freestyle, and 100m breaststroke; and our Senior Girls' Open 400m freestyle relay, which placed 17th in the province.

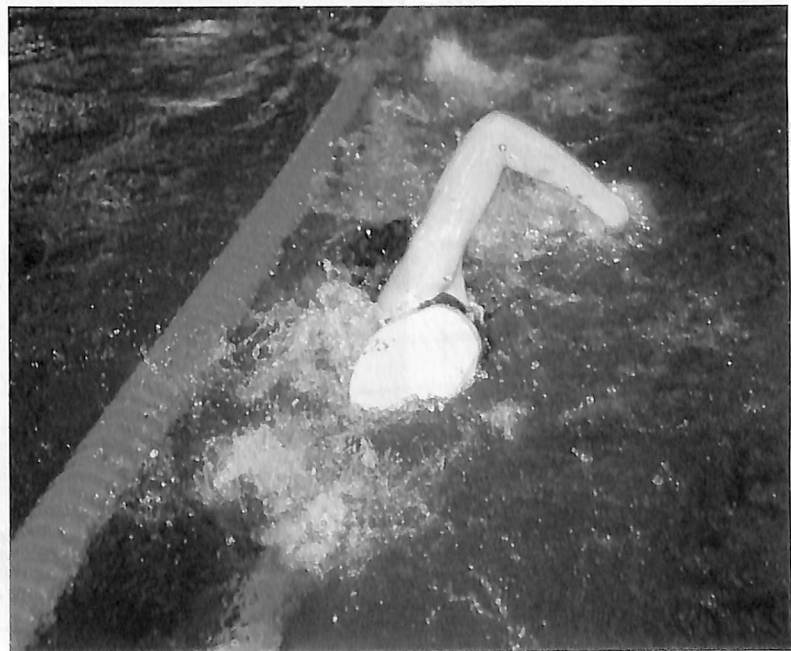

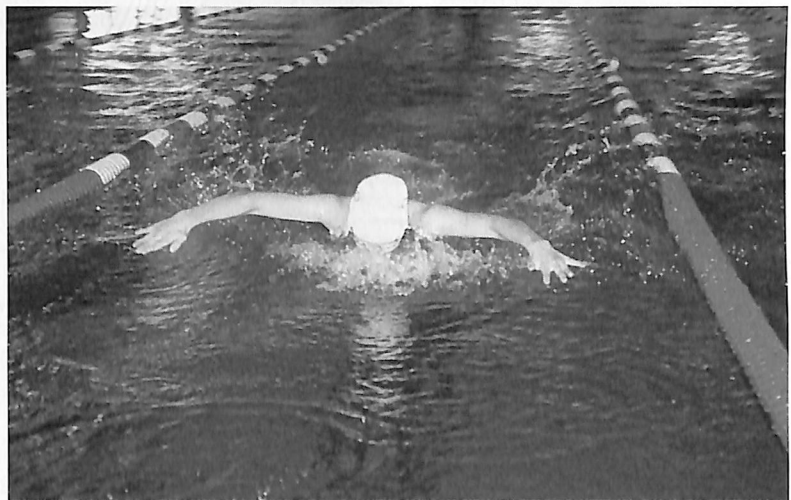

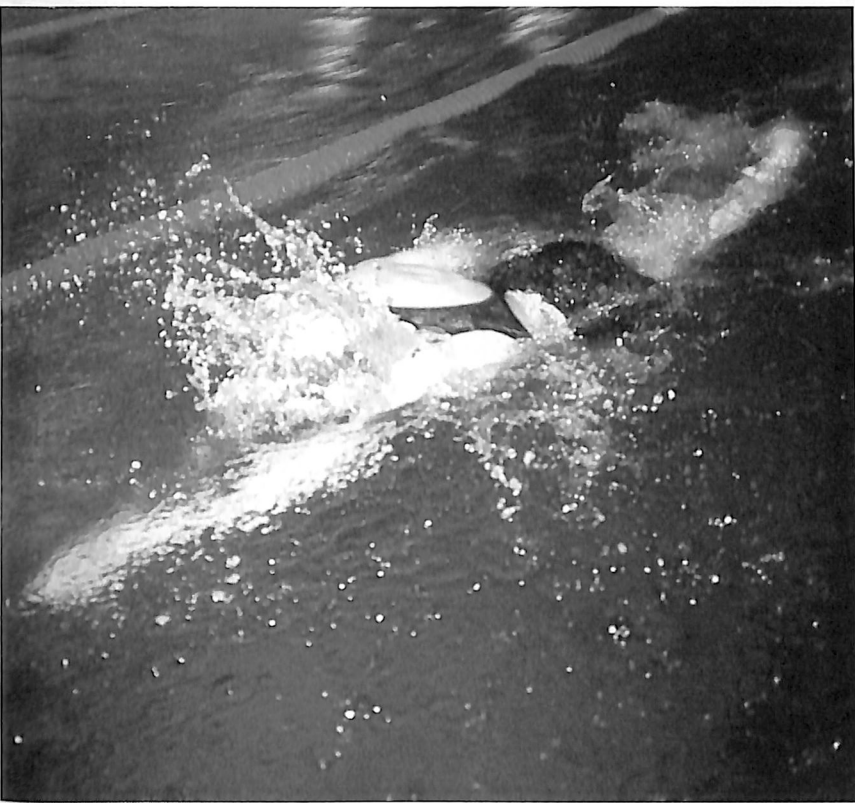

All in all it was a great trip and superb season for our swimmers. Many thanks to Bruce Genge, Coach, Mr. Young, staff advisor, and Mrs. Buesko, Convenor.

Swim Team: Ian Armstrong, Dallas Boychuk, Jill Collins, Lori Davidson, Matt Gough, Michelle Gough, Beth Griffiths, Rhonda Hawkins, Amanda Hobart, Heather Kennedy, Virginia Martin, Dwan Mathews, Katie McLellan, David Mitchell, Marilyn Mitchell, Nigel Moggridge, Ryan Newman, Kelly O'Brien, Leslie Oke, Becky Pevec, Pat Pevec, Jamie Randall, Annette Remler, Amy Robinson, Jessica Robinson, Catherine Routley, Ruth Shuster, Amanda Smith, Matt Somes, Jeff Vanhorne, Diana VanWijnen, Lora White.

S.W.O.S.S.A. Champs !!!

The S.C.I.&T.S wrestling team had a very successful season. The Bombers won three Quad meets and captured top honors in two major tournaments, the Referees' Classic and our own S.C.I. & T.S. Invitational. In post season action the wrestling team went on to become LSSAA and SWOSSA Champions. S.C.I. & T.S. was ranked as the 4th best High School team in Ontario.

Individual LSSAA Champions were 54k Trevor Morningstar, 57.5k Jason Marion, 61k Adam Smith, 64k Mike Fischer, 84k Phil Puurunen and UNL Chris Reid. Individual SWOSSA Champions were 54k Trevor Morningstar, 57.5k Jim McKenney, 84k Phil Puurunen. At OFSAA Chris Reid placed 4th and Trevor Morningstar and Phil Puurunen each finished a strong 7th place.

BLUE BOMBER HOCKEY

Although the team competed well, The Bombers found their return to the LSSAA competition an uphill struggle. Experience gained from the season will hopefully be put to good use in the upcoming years.

The highlight of the season was an excellent result in the Lambton Invitational Tournament where the team won their division and semifinals.

On the ice and at the rink, the teams participation and conduct was a symbol of Blue Bomber spirit and tradition. THOSE BLUE UNIFORMS SURE LOOK GOOD TOO!!

The Curling team started the season on October 29, 1996 and played twelve games. There were three teams which consisted of four players each. The girls' A team continued on to be LSSAA finalists. Congratulations to all the members of the curling team for a successful season!

The Junior Bombers had a long and difficult season. The Bombers started back in late September of 1996 with the off season practice sessions and continued through until February of 1997. The team played 12 league games and also went on "the road" for five tournaments. Another highlight for the young squad was a victory over long-time rival, the St. Pat's Fighting Irish. Unfortunately St. Pat's obtained revenge by defeating the Bombers in a sudden death game to decide the last playoff position. Coach Sandrin was more than satisfied with the growth and development of the team and would like to state that this team was a great pleasure for him to have coached.

The Midget Boys' Blue Bomber Basketball team worked hard and came within one win of making the LSSAA playoffs. Their conference record was 2 and 8. They also played well in a tournament at St. Thomas Parkside, losing the consolation final by one point. Adam Piggot, team captain, provided great leadership and was named to the conference All-Star team. This team improved tremendously during the year and we can look forward to strong play from these players in the years to come.

1997 LSSAA RUGBY CHAMPS

With tough hard running and great passing, the Bombers' Rugby Squad seemed to be unbeatable. The season started off with great victories over Northern and L.C.C.V.I. but the Bombers suffered their first and only loss to St. Christopher's. After this game it was all up hill, ending the regular season with a victory over St. Clair. In the following week we beat St. Clair again in the Semi-final; then it was off to the Championship, playing St. Christopher's, where revenge would be brought forth. After it was all said and done, the Bombers' Rugby Squad walked away with the LSSAA Championship.

Senior Girls' Soccer Team Makes Blue Bomber History!

For the first time in the history of LSSAA girls' soccer, our Sarnia Collegiate team captured the Senior Division pennant. The team, coached by Mr. Kevin Simmonds, finished the league in first place with only one loss. The team went on to beat LCCVI in the semifinal and then captured the

championship pennant with a convincing 2-0 win over the Northern Vikings.

The team also won the gold at the Chatham-Kent Cardinal Classic tournament. All team members are commended for their fine, fine displays of individual skill and their superior team work. CONGRATULATIONS GIRLS !

It was a short season for the SCITS Blue Bombers this year, although the team began practising four nights a week starting in late February. Games began March 18 and were held Tuesdays and Thursdays after school, and continued through until April 8. Our teams competed against St. Clair, Northern, Lambton Christian, East Lambton, North Lambton, St. Pat's, and St. Christopher's. The LSSAA Senior tournament saw Eric Mathias and Dino Tsaprailis playing singles, and Lindsay Carlton and Landon Marsh playing mixed doubles, move on to SWOSSA. This year's team showed enthusiasm, as well as having a wide level of skill. The badminton team should come back even stronger next year. The members of the badminton team would like to thank Mr. Gray and Mr. Allen for their time and patience as coaches to the players. Congratulations to all badminton players for showing dedication and good sportsmanship throughout the season.

FUTSAL INDOOR SOCCER

Australia National Team

vs

Corunna Wildcats/SCITS

Thursday,
April 27,
1997

The fans who were in the "BomberDome" on April 17 were served up a real treat as the Corunna Wildcats\SCITS Bomber team took on Team Australia in the game "Futsal." It was a fast and skillful game with lots of exciting action. The game was the equivalent of two back-to-back games as the teams played four 20-minute periods.

The first period was scoreless as the teams got into the pace of the game, and Robin Collop was absolutely superb in

net for the Blue.

In the second period everyone was thrilled as Rhonda Rankin was the first to score against the Australians. The Australians answered and the score was tied 1-1 at the end of 40 minutes of play.

The Australians scored three quick goals in the third period to lead 4-1. Our SCITS girls rallied back with goals by Shelley Johnson and Julie Levan. The Aussies managed one more goal, but the Blue continued to control the ball and found the net. Leslie Sokol scored and then Julie Levan put in her second of the

night to tie the game at 5-5. Dawn Boone made some fine saves in net, and the tenacity of Michelle Barr, Nicole Prince, and Nicole Spence shut down the Australian attack. Allison Fraser and Stacey Westbrook wound up the scoring for the Blue. The final score: 7 - 5 for the Blue over Australia. A brilliant, awesome, and memorable game. Congratulations, girls!

Thanks go out to the students and staff for their fan support. Special thanks to Coach Simmonds, who arranged the game, and his assistants, Mr. Spence and Grandpa Simmonds.

BOOSTER SQUAD

The Booster Squad had an amazing number of active members—over 80 for the 1996-97 school year! Dressed in their unmistakable blue-and-white outfits, they energetically cheered and entertained the crowd at Bomber football games and pumped up school spirit beforehand at pep rallies. They ran several school spirit days before big football games where students were encouraged to show the teams support by wearing school colours or turning their clothes inside out. They also entered several floats in the Homecoming Parade along with

decorating the gym for the Homecoming dance. Talk about a group with a lot of school spirit!

The Students' Council had a busy and successful year. Our greatest accomplishment may have been the Mega Milk Contest with Sarnia Collegiate being the only school in the county to win the Ultimate Video Dance Party two years in a row. The contest ran smoothly because of efforts by Julie Finley and Harmony Simmons, the Ministers of Special Events, who organized the Milk Chugging Relays and Chug-Off, Milk and Cookie Days, and coordinated the sale of Moo-Grams, where students could send a small milk and a message to a friend for only \$1. The girls were also responsible for many of the theme days including the traditional Blue and White Days, Hat Days and Pajama Days in addition to the more original Jogging Pants Day, Back-To-The-Beach Day and Funky Shoe Day.

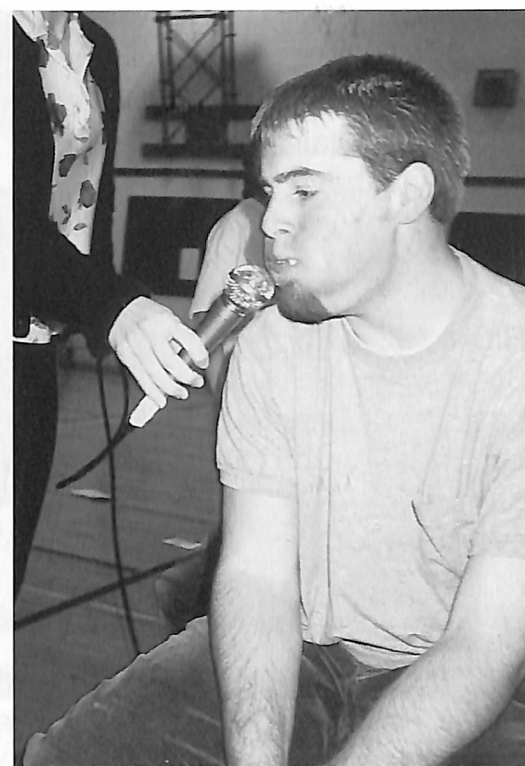

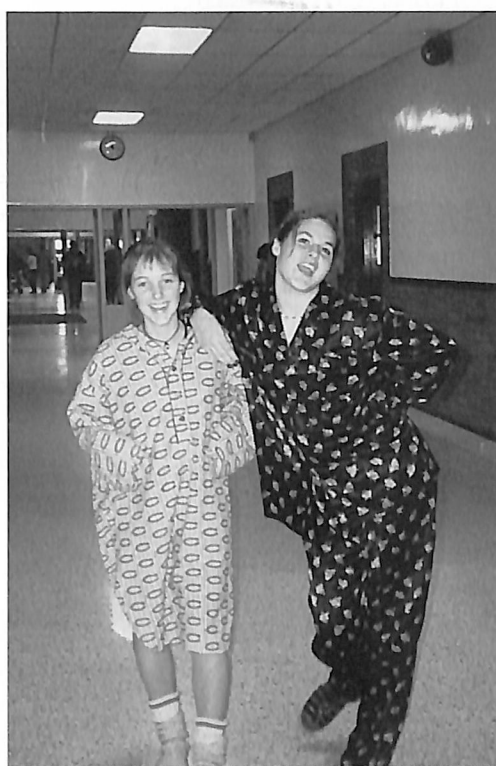

The Ministers of Publicity, Dawn Boone and Jessica Millar made posters to make the school aware of these events and were always eager to help with contests such as the Dating Game on Valentine's Day, the Chubby Bunny

Contest and the Bomber Bean Guessing Contest at Easter won by Ben MacDonald.

Activities to raise money were organized by Ministers of Finances, Gerardo Martinez and Nathan Henderson. The Bomber Banana Bonanza went over well. Minister of Spirit Laura Shaw and Deputy Prime Minister Lora White got together to encourage the school to sponsor six whales as Student's Council mascots and Jeff Hodges planned and executed a very successful end-of-year pop can drive to refinish chairs in the auditorium.

Marcy Gaw helped us to spend this money by arranging for motivational assemblies for students. Funds also went towards cash prizes at the Christmas Assembly and gifts for last years top graduates, for teachers at Christmas, and retirees. They also helped send two students to the annual OSSSA Conference in Ridgetown.

Aubrey Taylor, Minister of Public Relations, took care of more serious things such as AIDS and Human Rights

awareness. He kept us informed on the happenings of Student Board and voiced the Student opinion on proposed educational changes and standardized testing.

Brian Braekevelt organized two dances and Jordan Wright and Paul Gallaway shared what had gone on at meetings with homeroom representatives who were unable to attend.

Of course, everything we accomplished was a direct result of the excellent leadership provided by Prime Minister Jenni Jenkins and advice from Mrs. Fragis and Ms. Pollock. Congratulations to all Students' Council Members on an exceptional year!

The theme of the prom this year was "Midnight Dream". The Prom Committee got off to a slow start, due to a lack of interest, but after awhile the interest level increased and we got things rolling. The prom is one of the biggest events of the year and it takes a lot of hard work and dedication to make it happen. There are many areas to be covered by a wide range of people and without the dedication the jobs can't be done.

To begin, there are things such as painting, measuring, cutting, taping, rolling and drawing and then there are things to be constructed as well as different areas of the gym to be designed and decorated. Ticket sales, advertising, food, gifts as well as King and Queen coordination were all tasks beautifully accomplished by these students. Kudos to the Prom Committee for such a special & memorable evening.

The Library Club, the place where all the Nerds go to find a job...not really, but club members do have a lot of work to do. For example, they have to sort, number, and place all kinds of books, ranging from sports to fantasy, on the shelves. The

library is not just a room full of books; there are computers there, too. These computers are equipped with Information Finder, an electronic encyclopedia that can assist you with homework assignments. There is also the Electronic Card Catalogue that can locate books

containing information on any subject you wish to research. For those just looking for light reading, there are a variety of magazines available so that you can keep current on the latest fashions or cars on the market. The SCITS librarians, Mrs. Vilcsak and Mrs. Moore,

are very friendly and helpful, and can aid students in their searches. So remember the next time you're in the library: the club isn't just a bunch "Nerds" but a group of dedicated people working for you.

The GAA--Girls' Athletic Association--has grown considerably in size from the previous school year. The club met occasionally, when needed, at Wednesday lunch hour meetings in room 202 directed by student president, Kendell Wilde, and staff

advisor, Mrs. Carson. The GAA organized and ran the Homecoming Dance--they also entered a float in the Homecoming Parade--and Christmas Dance, helping out the Inn of the Good Shepherd at the same time by including canned goods

as part of the ticket prices. The girls were also responsible for promoting school spirit through the fashion show and raising money by the various fund raising activities they held throughout the year. The GAA is an organization concerned with making a

positive contribution to school spirit in Bomber tradition.

This year's yearbook was one of the biggest ever. Instead of ending the year at the Revue in March, the book was enlarged and time was committed by the yearbook staff until the beginning of June. These 16 students ranging from grades nine to OAC gained experience in team work, communication, organization, time management. Students logged many hours after the school day

was over to write articles recording the year, to take photos visually capturing these memories, and to design and layout the pages present these memories in later years. Many hours were also volunteered by the staff advisors to help keep us on task!

This book is a record of what the staff and students have accomplished. "Leaving an Impression" of the past, for the present and future members of the Blue Bomber community.

Internet access became available to SCITS students for the first time this year. And, thanks to the perseverance of a grade 12 student and Mr. Caraher, the SCITS Internet Club was formed to help students grades 9 to OAC get acquainted with this valuable technology. The prospect of having an Internet Club was first brought up last year when the grade 12 student, Sasha Boersma, then in grade 11, came up with the idea. She approached Mrs. Preudhomme with her proposal for a club and gained permission to go ahead. Mr. Caraher became the staff advisor and the Internet Club was formed.

The club had its share of problems in the beginning but is now working out quite well with around 20 regular members that meet in room 109 Tuesdays and Thursdays at lunch hour. Club members are in the process of updating the official SCITS web page which is located (as of June 1997) at <http://www.sarnia.com/school/scits> in addition to designing web pages of their own using Hot Dog Pro 3.0 software. The club is open to anyone who is interested in browsing web pages for fun or research purposes using Netscape 3.0. Students can also send e-mail messages to anyone, anywhere, using Pegasus Mail.

A new world can be opened up to students through this Club. The only requirement for joining the club is the signing of a contract stating the expectation of reasonable behavior: such as not sending obscene messages or downloading inappropriate information. Other than that, there are practically no limitations!

This Year's Music Notes

It was a busy and successful year in the Music Department. We participated in many events and performed three concerts. We had great Christmas and Spring concerts this year, with the Concert Band, Stage Band, Choir, Grade 9 Band and others participating. In March, in conjunction with the Northern Band, we performed a Disney Extravaganza concert. The Concert Band also provided their talents

for the Awards Assembly, Commencement, and the Remembrance Day Service. We performed at the United Way kickoff at the Lambton Generating Station. The Stage Band played in other events and offered their talents, once again, in the SCITS Revue. Some music students helped promote the 75th anniversary at the Mara Trade Centre in Point Edward. We also had a handful of students participate in the Lambton County Music Festival and

SCITS' students brought home first place honours in three categories. This year was great, and next year is going to be even better.

By Matthew Brouwer

Matt is a committed member of the Concert, Stage, and Grease Pit Bands as well as the Senior Wind Ensemble. He also brought home several honours from the Music Festival.

NCIVS & SCITS

Disney

Extravaganza!

The first annual SCITS/NCIVS music concert was an overwhelming success. The auditorium was packed on the night of March 19th with friends, relatives and teachers who all came to support the huge music fundraiser. Enough money was raised to allow SCITS to purchase a brand new alto saxophone, approximately a \$1200 value, with our half of the profits. SCITS has not had a new instrument in 4 years.

Amazing support was shown by the entire school. Decorations were designed and constructed by Ms. Yuhasz' art class (on very short notice), the Tech department built an addition on the stage to accomodate the 150-piece band, Mr. Yorke designed tickets and programs and the drama students dressed up as Disney characters to entertain the children in the matinee performances. Not to mention the hundreds of students and teachers who showed their support by attending the concert.

The music itself was great. A flute ensemble played "Whistle While You Work" from Snow White and a clarinet group performed "Colours of the Wind" from Pocohontas. The choir sang a medley consisting of songs from Aladdin, Beauty and the Beast, Little Mermaid and more. The jazz bands played a short, upbeat version of "Beauty and the Beast" and Ms. Catton and Mr. Stevenson entertained us with their energetic rendition of "You've Got a Friend in Me" from Toy Story. The three soloists, Alana Meade, Candy Vrskovy and Joel Eagleson all represented our school well and sang beautifully. The combined concert band did an excellent job with medleys and songs from popular Disney movies. Stay tuned next year for a Broadway concert that promises to be another huge success.

ENVIRONMENT CLUB

Jennifer Brown, Peggy Maxwell, Elaine Restorick, Audrey Restorick, Diane Finley, Mrs. Ruffilli, Katie George

The Enviro Club, though not large in size, was able to accomplish a few things at SCI&TS this year. One club effort was continuing with paper recycling. Every Tuesday morning after announcements, club members had the job of sorting the school's paper so that it could be sent out and recycled. An exciting task! The club was also able to obtain sufficient

funds through bakesales to purchase flowers which they planted themselves in front of the school, and in the park by the bus-loading area. This combined with other outdoor grooming, has helped to spruce up the landscape for the SCI&TS 75th anniversary. In the future the club hopes to top this year's successes and achieve a more environmentally friendly school.

WELLNESS COMMITTEE

Jason Mullen, Tracie Scott, Kristina Wilkinson, Lynn Schram, Mrs. Porter, Centre: Christine Preece, Absent: Brian Johansen, Steve Mathieson, Janette Routley, and Theresa Wilkinson.

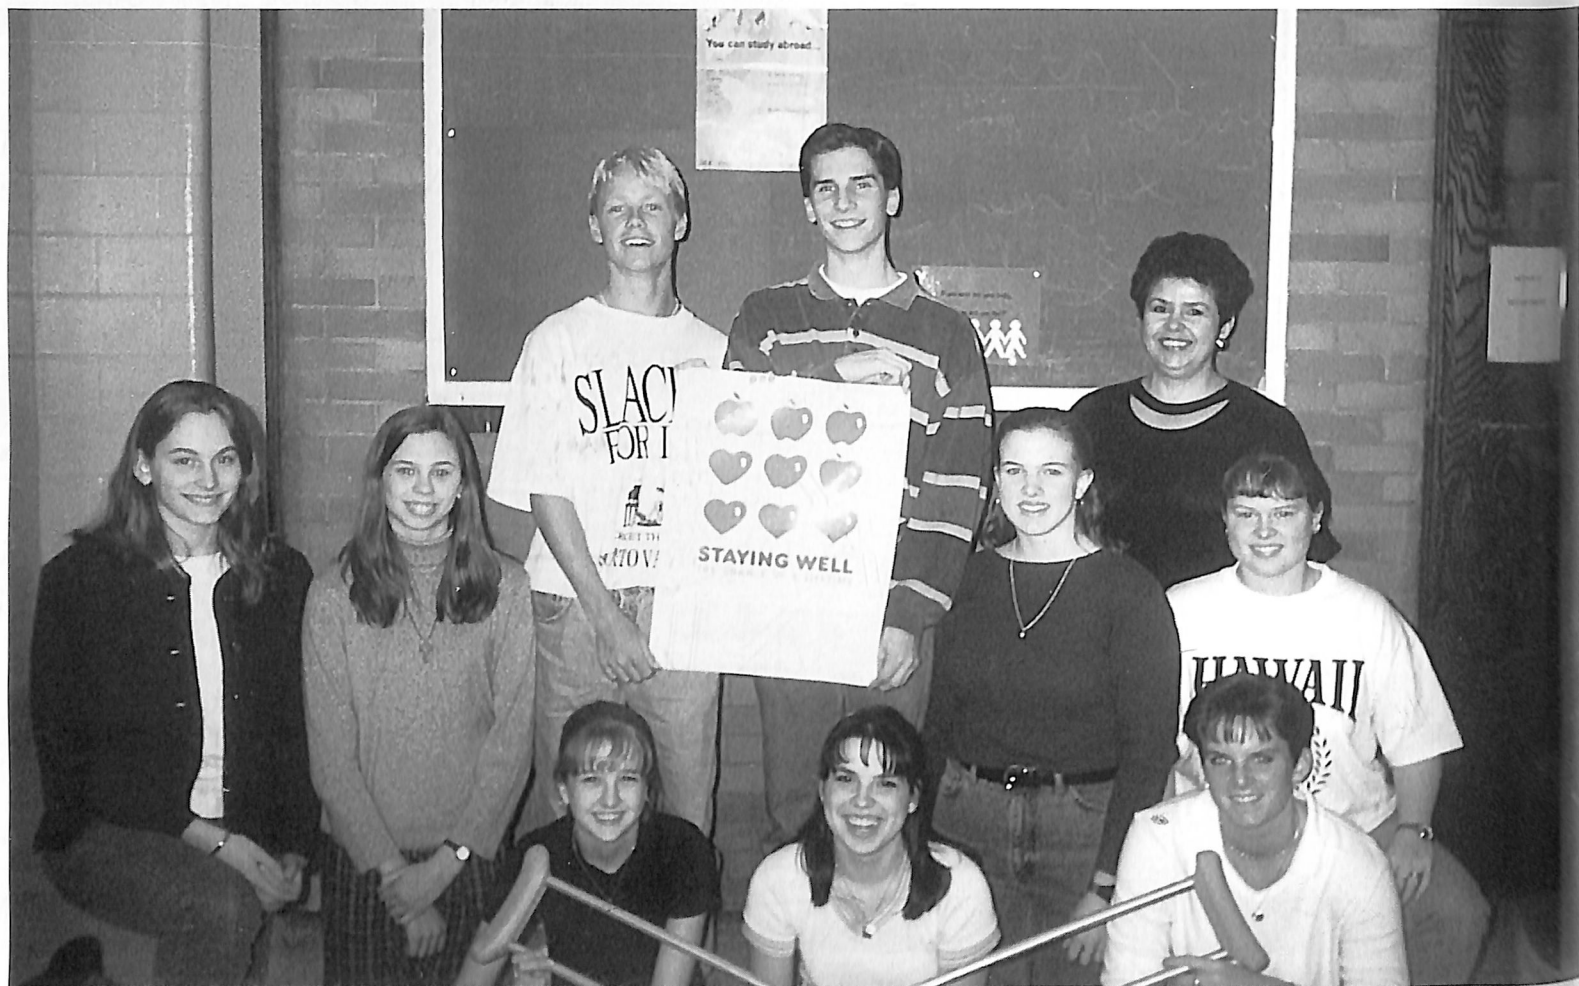

The Wellness Committee was formed two years ago with a membership of about twenty people. We started the club after a two-day conference at the United Church Camp about how to improve your school and yourself. Since then we have managed to get the juice and snack machines, and the microwave in the cafeteria. We have promoted "designated driving" for the Prom and Homecoming

dances. Just recently, we participated in another two-day conference. We listened to guests speakers, formed teams and had a great time participating in many different contests. With Mrs. Porter and Christine Preece as our advisors, we interact and work with other Lambton County High Schools. The school Wellness Committee is working hard to improve our school and our school body.

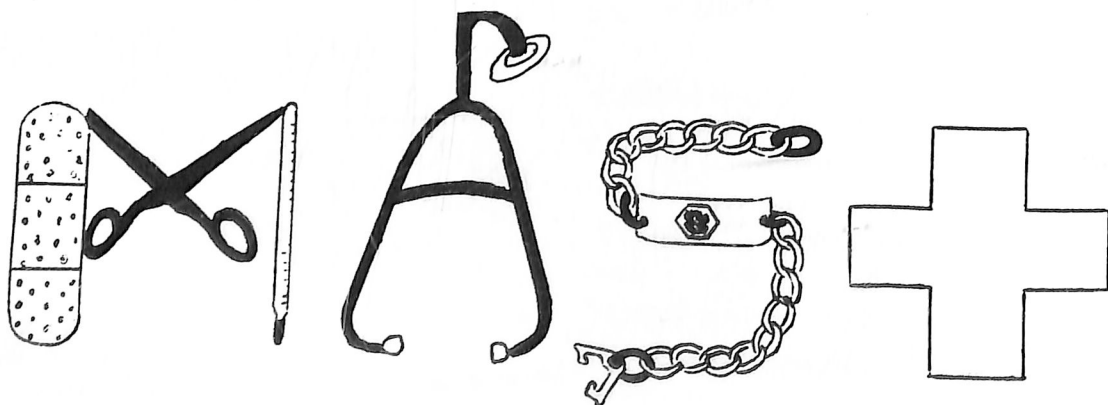

M.A.S.T.

(Medical Assistance Supervisory Team)

Katie McLellan, Naomi Looyenga, Julie Finley, Karis Lasenby, Elaine Trapp, Mrs. Hawkes (Staff Advisor), Mandi Neely, Cheryl Hoover. Holding Sign: Brian Johansen, Tim Rose. Absent: Brenda Beaudoin, Kelly Buckingham, Joel Eagleson, Jo-Anne Hillier, Katie Horner, Colleen Ireland, Ami Light, Paul Marois, Jay MacIntosh, John Ogorek, Kristina Wilkinson, Brad Ysebaert.

M.A.S.T. (Medical Assistance Supervisory Team) consists of senior students who volunteer one period each week to supervise in the Medical Room. Thanks to these reliable and conscientious students, other students of Sarnia Collegiate who are not feeling well and cannot go home have an opportunity to rest.

Absent: April Brander, Correy Collins, Erin Ford, Colleen Ireland, Erin Kilby, Erin Lamourea, Katie McLellan, Jamie Pomoransky, Scott Rawcliffe, Chris Reid, Krystal Romlewski, Holly Trinkwon, Heather Wyville.

During this school year, the P.A.L. centre has been met by great enthusiasm by teachers and students. Our thirty-four P.A.L.s have generously given of their time to help junior students achieve academic success. Alongside academic success, our junior students acquired more confidence not only in their subject areas but more importantly themselves. It was a pleasure watching juniors and seniors working together. Many senior students found that their patience level and com-

munication skills improved. Junior students were helped in the areas of Math, Science, English, History, Geography and French. Subject teachers have commented on the positive results noticed in their classrooms with regards to the students being helped. On a personal note, Mr. Farina and Mrs. Fragis would like to warmly thank all our P.A.L.s for the support and mentoring they have done. We feel extremely proud and appreciate your kindness. Collectively you have demon-

strated your maturity, willingness to help others and are a fine reflection of the spirit that is Sarnia Collegiate.

Christian Fellowship

Back: John Daye, Marcy Burnham, Joel Harding, Jessica Robinson, Heather Daye, Natalie Barr, Chad Burke, Jesse Doyle, Owen Chudy, and Mr. Archer. Centre: Laura Griffin, Janette Routley, Fin Parrott-Aitkenhead, Lori Davidson, Catherine Routley, Melissa Maxwell, and Naomi Looyenga. Front: Jamie Brandt, Audrey Restorick, Heather Henderson, Narissa Schofield, Josh Purdy, and Matt Vander Heide.

Christian Fellowship was made up of about 30 students who met in the auditorium daily for morning prayer, and in room 203 every Wednesday at lunch, to spend time with other Christian students and worship our Lord, Jesus Christ.

Along with regular meetings, Christian Fellowship groups in the area were also given the opportunity to come together at St. Clair various Fridays throughout the year to worship the Lord through songs and praise.

Marcy Burnham, Laura Griffin,

Joel Harding, and Janette Routley, working as executives, and Mr. Archer, advisor, in combination with various speakers the group was fortunate to have secured, all put together and carried out a fun program of worship throughout the year.

The number of students involved in Christian Fellowship we hope will grow and include many new faces next year. (Thessalonians 4:17) We will be with the Lord forever.

(Job 4:4) Your words have supported those who stumbled; you have strengthened faltering knees.

Chess Club

Ron Downs, Mr. Archer, Chris Vallinga, Dallas Boychuk, Kyler Brouwer, and Keith Houlbrook.

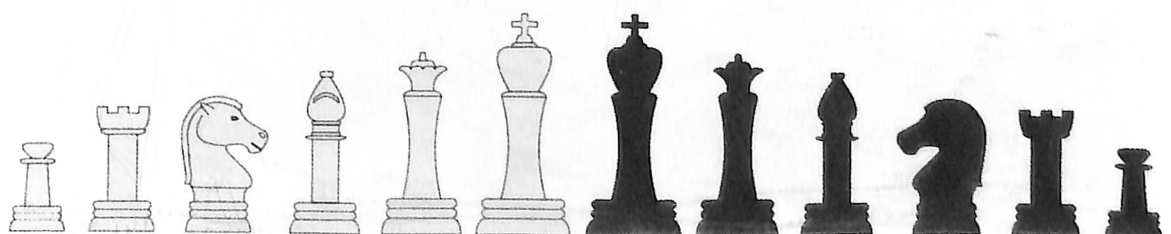

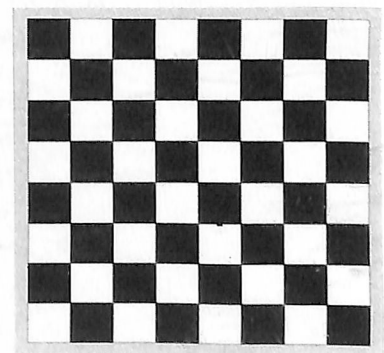

The chess team had a year of success. The second place in Lambton County chess went to Ron Downs, a grade 9 student who also took first place in the Lambton County Chess Tournament.

The four boards were played by:

Ron Downs - First board
Rudy Brill - Second board
Chris Vallinga - Third board
Ryan Newman - Fourth board

Other players included Jason Hooper, Kyler Brouwer, Trevor Balaint, Keith Houlbrook, and Paul Newman.

Our team placed one point out of the playoffs--a vast improvement over last year. We are looking for an even better performance next year.

Future

No one knows not even me
Of all the things that I will see,
With every new day the future waits
With all its loves and all its hates.

Music stops and music plays
With everyone of your living days,
Will there be music when I awake
Let there be music, for music's sake.

At the next break of dawn
Will your love be here or gone,
The future knows but won't tell
And none of the secrets the future will sell.

Are we better off not knowing what the future
will hold
Or should everyone at this moment be told,
How will my future be made
Should I be excited or should I be afraid?

Turn, Turn, Turn." - Erin Ford, OAC

Peering in I find iridescent eyes
 Staring back out at me.
 Moving swiftly as though made of
 Silver liquid, it comes out.
 Glaring ponderously at me as though
 I might harm it.
 But how could I hurt such a
 Creature of beauty?
 A magnificent being so very
 Tranquil in movement.
 Intelligence seeming to surround it as
 Though an aura of light.
 Wisdom beyond all human years can be
 Found in those eyes.
 And I see it, staring back out at me,
 Knowing I can learn.
 Others come to join our silent conversation,
 All of rainbow colours.
 Gleaming emerald, fiery crimson, glittering
 Gold and more.
 All sizes, all colours, all types, and shapes
 Come to join our dance.
 I reach out my hand in an unknowing
 Lowly, simple gesture.
 Yet the creature bows its head deeply
 In all it's understanding.
 Knowing I will not or cannot harm it, it
 Turns toward the cavern.
 The gracefulness of its movements mesmerize.
 But somehow I manage to follow.
 A glittering, cavernous lair of crystal and gems
 Reflecting prisms of light.
 I stand there, mouth gaping, open wide
 In all the shock and awe.
 We silently converse together, each to
 Tell their own story.
 Suddenly my eyes open wide, for
 Before me stands people.
 Beautiful people with almond eyes and
 Glittering manes of hair.
 With pointed ears and delicate features,
 I am now surrounded
 I gaze around for the beautiful lizards,
 Just here a moment ago.
 But alas, they're gone or so I think
 Until a maid steps forth.
 With silvery hair that flows like liquid
 And iridescent eyes.
 She holds her hand out to me and I
 Suddenly understand.
 I take her hand and kneel at her feet,
 A gesture of my nobility.
 These elven people are my dragons in all
 Their grace and glory.

Mystic Fortune

I found myself without morals, where it
 all began.
 Looking on the place where we all want
 to be.
 I stopped to see forever not wanting to
 see the end,
 I continued on.
 I stopped to clear my head for a
 moment,
 And I continued on three weeks more.
 On the third week I looked to my heart
 to see love,
 And so I followed many battles.
 I fought pain with my left hand,
 Looking for peace in my right.
 Extended out,
 I have walked away from my heart and
 crossed the last day.
 Looked right into the valley of evil

And found the home of the enemy.
 To no enemy I have done wrong,
 Though, to the land of the heartless,
 I can do wrong no more.
 I see the devil and he blinds me,
 But aren't devils merely angels tearing
 away at your guilt?
 I stopped on the last day of the last
 month of the last year,
 And again, I have found my heart.
 My life must be righteous in a place
 unknown
 So I can rest my soul,
 Where it all began.

Hatred in Bloom

The future is in trouble,
but what can we do?
We've seen populations double,
and hatred thicken like glue.

Murder upon murder;
death upon death,
life is sucked out of us
breath by breath.

The love that once flourished
is now turned bad,
Poisoned with evil;
darkness clad.

People are lying
to get around.
The truth to them
is so profound.

But who will stop it?
We can not.
Who really knows what the children

have already been taught.

Is it not saddening
to hear a racist joke?
Does it not hurt
to see the discriminated folk?

It's the twenty-first century,
should we not have learnt?
History has been taught to us,
so the past can not be burnt.

Life is only what we can make it,
and it's time we didn't fake it.
Just live it to the fullest
and be careful not to act foolish.

If we don't dish out
what we cannot flourish
What once did flourish
will be in full bloom.

When a day seems like eternity

Racism Hurts

Please do not hate me because of my
 race
 I still have a body, arms, and a face
 may be coloured or speak unlike you
 But that's no reason to dislike me
 I suddenly feel blue
 I feel all alone

As if I'm the only one there
 Everyone becomes silent and starts to
 stare
 There's only one more thing
 That I have to say
 It's that racism hurts
 It's not okay

People are getting killed
 Because of their colour
 That's not right at all
 We should all love one another.

Tamara Collins, gr. 11

Darkness

Here I am all alone
In total darkness here at home
Watching candles burn bright
Shadows playing in their light
Memories play through my mind
Memories of a gentler time
A storm outside starts to flow
Why and where I do not know
Lighting strikes wherever it may
I don't know why I want to stay
I leave the darkness to return home
No longer will I be alone.

Philip MacKinnon, gr. 12

My Grandfather

*I would like to dedicate this poem to my late
Grandfather Henderson
He passed away January 10, 1996.*

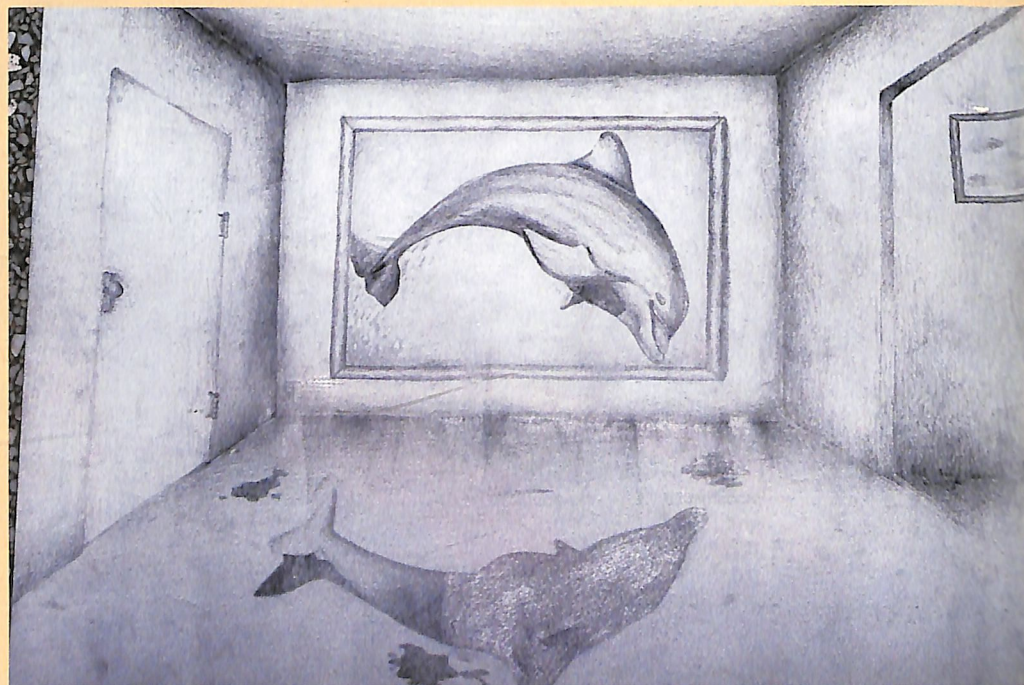

A man of age, humour, and care,
My Grandfather of old lies right over
there.
The last years of his life have been spent
in pain,
But strong willed as he, he will live
again.

The Christmas before his unfortunate
fate,
The family gathered after they ate.
As he sat in his chair, a glad thought,
look or smile,
Was always his way, never downcast or
vile.

His mind was as perfect as anyone's is,
But the body of old couldn't keep up
with his.

The man was a teacher, a father, and
dad,
But one thing he was never was upset or
mad.

Nathan Henderson, gr. 12

Not Very Fun

To be sick is not very fun
To have cancer can be a lot worse.
Lying in a hospital bed all day while people
poke you with
needles all day,
is not very fun.
When you try to fall asleep after your doctor
told you to
be ready for a spinal tap the next day,
is not very fun.

When your doctor tells you it is not neces-
sary to have a
biopsy, but you have one anyways,
it's not very fun.
Going through radiation treatment which
will make your hair
fall out,
is not very fun.
When you find out that the cancer is gone,
WHAT A RELIEF!

Sound and Lighting Crew

This has been a busy year for us. We have set-up, and run the lights and sound for many shows and many teachers this year. Some of the shows included Lionel the Lobster, S.C.I.&T.S. Revue, the Fashion Show, Grease, as well as many small productions put on by the drama classes and the musical presentations by the music classes.

We spend much of our time going to practices, learning our cues, designing light schemes, and setting up the sound equipment. we have a large commitment, since we have to go to all the practices and shows before the performers and theatre clubs that rent the auditorium. It is a fun job and a good way to meet many people, and see lots of free shows.

Principal's Message

It is a pleasure to be asked to contribute to the yearbook for 1996-97.

As we prepare for next year's 75th Anniversary, the past yearbooks have taken a great deal of prominence. The Anniversary Committees prepare by continually reviewing the past through the memories of the Ad Astra.

As you read this edition, I am certain that you will reflect on your role at our school, and on the pleasure and knowledge that you have acquired both inside

and outside the classroom.

Best of luck to all, particularly the graduates of '96-'97.
